

CUSTOM SOLUTIONS: CHEMICAL MANAGEMENT

With deep expertise in precision plastics manufacturing, we build custom solutions that combine the exact right materials, processes, and formats for your chemical management requirements.

LYRA™ VALVE BOX

The Lyra provides a fast solution to diverse chemical distribution challenges. Built around the known design and dimensions of a standard-size valve box, it can be configured, assembled, and deployed in the fraction of the time a one-off valve box requires.

CONFIGURATION OPTIONS:

- **Valve:** Pneumatic Diaphragm Valve, Manual Diaphragm Valve, Check Valve
- **Monitoring:** Flow Meter, Flow Controller
- **Sensing:** Pressure Sensor, Temperature Sensor, Flow/Pressure Sensor

Our team thrives on creating precise solutions for each Chemical Management challenge. Contact us for advice and resources to address yours: SOLUTIONS@APEXIND.COM | 866-304-2739
